

SUBARU

FORESTER

Reconnect with
what you love.

Meet the 2026 Subaru Forester.

Whether crosstown or cross-country, every trip in your Subaru Forester is a chance to connect—with friends, family, community or even just your own sense of place. Its thoughtfully designed interior offers generous space and advanced technologies—and all of it ties back to the safety, capability and versatility that's always been at the heart of the Forester.

Safe

For all-around awareness, every 2026 Forester is equipped with standard EyeSight® Driver Assist Technology¹, featuring Automatic Emergency Steering^{2,3} and a wide-angle mono camera for a wider range of detection. You can also opt for a host of innovative safety features, including a 360-degree Surround View Monitor² for even greater peace of mind.

Versatile

In the Forester, you don't have to sacrifice comfort to bring along everything you need. With expansive cargo space plus available features like a one-touch folding rear seatback and a foot-activated Hands-Free Power Rear Gate⁴, this adaptable interior has room for whatever the day brings while leaving plenty of elbow and leg room for every passenger.

Connected

High-tech meets low maintenance with an available large touchscreen where you can seamlessly access your music, navigation and other apps with Apple CarPlay^{®5} and Android™ Auto⁶ integration. You can also enjoy a hassle-free, cord-free drive with available wireless charging and connectivity.

Capable

With the all-road readiness of standard Subaru Symmetrical Full-Time All-Wheel Drive and an efficient SUBARU BOXER[®] engine, your new Forester is almost begging to go on a road trip. Whatever conditions you encounter out there, the Forester is prepared with available Dual-Function X-MODE^{®7} and impressively high SUV ground clearance.

2026 Forester | Trim Levels

Convenience

- 180-hp 2.5-litre 4-cylinder SUBARU BOXER engine with direct injection
- Subaru Symmetrical Full-Time All-Wheel Drive with X-MODE featuring Hill Descent Control⁷

- EV drive mode
- 12.3-inch digital gauge cluster

For a detailed list of specifications, features, accessories and model comparisons, please visit Subaru.ca or your nearest authorized Subaru dealer.

¹ EyeSight[®] is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operation and limitations. ² Availability varies by trim level. See your Subaru dealer for details. ³ Automatic Emergency Steering is a system designed to assist the driver. It is not a substitute for safe and attentive driving. Automatic Emergency Steering works in conjunction with and after Pre-Collision Braking has been activated by providing steering support at speeds of approximately 80 km/h and lower to try and help avoid a collision. See Owner's Manual for complete details, including important system limitations. ⁴ Tailgate hands-free kick sensor will not function with hitch installed. Consult dealer for details. ⁵ Apple CarPlay[®] is a registered trademark of Apple Inc.⁷ ⁶ Android™ is a trademark of Google LLC. ⁷ Driver is always responsible for safe and attentive driving. Effectiveness of Hill Descent Control depends on many factors, such as vehicle maintenance, weather, tire and road conditions. ⁸ Activation with subscription required. ⁹ The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, vehicle speed, weather and road conditions. Always exercise caution and use vehicle mirrors and the rearview camera when backing up. See Owner's Manual for complete details on system operation and limitations. ¹⁰ Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. ¹¹ Activation with subscription required.

Subaru Warranties

Every Subaru vehicle is designed and built to offer our customers the highest possible level of quality and reliability. We are proud of our vehicles and proud to stand behind them with a comprehensive warranty. For 2026 model-year vehicles, the warranty on all Subaru vehicles consists of the following:

New Vehicle Limited Warranty (36 month/60,000 km) – Covers basic and major components for 36 months or 60,000 km.

Major Component Limited Warranty (60 month/100,000 km) – Extends coverage of major components (more than just powertrain) up to 60 months or 100,000 km.

Surface Corrosion Limited Warranty (36 month/60,000 km) – Covers surface corrosion to visible painted body panels for 36 months or 60,000 km.

Anti-Perforation Limited Warranty (60 month/unlimited km) – Covers perforation due to corrosion to body sheet metal panels for 60 months, regardless of kilometres.

Emission Control System Limited Warranty – Covers some emissions components for 36 months or 60,000 km and the major parts of the emission control system for 96 months or 130,000 km.

Parts and Accessories Limited Warranty – Covers Subaru parts and accessories installed by the Subaru dealer prior to retail delivery of the vehicle for 36 months or 60,000 km, and Subaru parts and accessories installed by the Subaru dealer after the retail delivery of the vehicle for 12 months or 20,000 km from the date of the installation.

The above information is an overview of warranty coverage and is not a warranty statement. If you wish to see more details regarding Subaru warranties, please refer to your Subaru warranty booklet, contact your local Subaru dealer or visit our Web site at subaru.ca.

Subaru 360 C.A.R.E. Program (36 months/unlimited km)

Access to dedicated Subaru 360 C.A.R.E. (Customer Assistance for Roadside Emergencies) Roadside Assistance Services, which includes access to 1,000 CAA and AAA offices throughout Canada and the United States. In addition to towing, coverage also includes Fuel Delivery, Battery Boost, Flat Tire Service, Lock-Out Service, Trip Accident & Mechanical Breakdown Assistance Service, Winching and Extrication Service, Personalized Trip Planning and Routing, Theft and Hit-and-Run Reward, and Arrest Bond Certificate.

The above information is an overview of services. If you wish to see more details regarding Subaru 360 C.A.R.E., please visit our Web site at subaru.ca.

Subaru Protection Plan

As a Subaru owner, you have expectations for a pleasurable, trouble-free ownership experience – now and into the future. Once your 36-month/60,000-km New Vehicle Limited Warranty period ends¹, our Subaru Protection Plan (SPP) – the only vehicle service contract endorsed by Subaru Canada for Subaru vehicles – can prolong your hassle-free ownership experience with three levels of extended service contract coverage tailored to your needs: Powertrain Protection; Major Protection; or Complete Protection (best level of coverage to complement the 60-month/100,000-km Major Component Limited Warranty). SPP offers comprehensive mechanical and electrical coverage and a number of additional features and benefits, such as Roadside Assistance and Alternate Transportation, for up to 7 years or 160,000 kilometres from your vehicle's in-service date. Whether your vehicle is purchased or leased, SPP protects you and your investment. Be sure to ask your Subaru dealer for details or visit subaru.ca.

¹ If you already own a Subaru vehicle and it is still within the 36-month/60,000-km New Vehicle Limited Warranty period, you are still eligible for SPP.

For a detailed list of specifications, features, accessories and model comparisons, please visit Subaru.ca or your nearest authorized Subaru dealer.

The Supplemental Restraint System (SRS airbags) affords the driver and passenger additional protection in some collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment. The combination of SRS and seatbelts provides the best protection in a serious accident.
